

HAPPY FACES

musica:Piccione - Bais - Minotti

There's a kind of magic in the air tonight
and everything it's gonna be all right
'cause I'm walking in my room
but I can't see the moon
I'm gonna be romantic with my lover

We're walking hand by hand into the pub
the piano player swings with lot of fun
and when we're in the groove
the soul begins to move
the good old swing is getting in your shoes

HAPPY FACES all around
friends are swaying to the sound
the band is swinging harder
you can't resist the groove
You're flying high, you play among the blue stars

HAPPY FACES all around
friends are swaying to the sound
the band is swinging harder
but right there from the gloom
the guy comes in and blows a saxophone.

Solo...

HAPPY FACES all around
friends are swaying to the sound
the band is swinging harder
you can't resist the groove
You're flying high, you play among the stars...

flying high, you play among the stars...

flying high, you play among the stars
